GAME NAME: Zeldar's Fortunes

GAME TYPE: Slot

ABOUT ME: Zeldar's Fortunes is a beautiful tarot-inspired game, packed with powerful features that will find the gold in your stars and the luck in your palm. In Fortune Freespins, pick from 1 to 4 tarot cards which will make your freespins magical! In the base game, Zeldar himself awards special fortunes with the chance of a random tarot card appearing on any spin...

Could it be:

- Random wilds - call him fool or joker, he'll land 5 wilds on your reels
- Stacked Wilds - taking over a reel or three
- Remove suits - remove the lower paying symbols for high paying five-of-a-kinds
- Colossal Reel - replace three reels with massive symbols

- SPECIAL FEATURES:**
- 3x5 with 20 winlines
 - 4 random triggers
 - In freespins 1 to 4 of the random triggers are active on every spin

WHERE SHOULD I SIT? Top of the slots tab for this unusual, beautifully-designed game

WHO LOVES ME? Anyone with a sneaking affection for astrology, star-signs, tarot or just a love of the old-world fair and carnival. The more you know your zodiac and tarot, the most beautiful details you'll find in the symbols and design. Plus for those who grew up with the film Big, the fortune-teller can never be forgotten!
